24/7 CALL OUT SERVICE, COURTESY CAR, NEW EQUIPMENT

NEW PREMISES BRING BIG BENEFITS FOR TYRELAND CUSTOMERS

A move to new premises at 1 Orwell Street has meant that TyreLAND Oamaru can now offer their customers even better service and save precious time when it comes to fixing tyres.

Branch Manager – James Nicol

After 40 years providing expert service at its Humber Street branch, TyreLAND Oamaru has relocated to a modern building fitted out with brand new equipment and staffed by a fresh but experienced team. Oamaru local James Nicol has joined as Store Manager and brings with him a wealth of tyre industry experience having spent five years as head tyre repairer for Global Tyres at Macraes Gold Mine.

James says these are exciting times for TyreLAND and he and the team are looking forward to meeting clients - both existing and new - and showing off the benefits of new facilities and services.

These benefits include the addition of two fully equipped vehicles which will service farmers and commercial users on their own sites. Back at the branch, the convenience of being able to vulcanise tyres in the TyreLAND workshop will also mean less downtime for customers caught out by punctures.

The new TyreLAND store has been fitted out with cutting edge equipment to ensure customers can enjoy fast and efficient service. If machinery is your thing, the team will happily chat to you about their 3D wheel aligner, TI LL 32 inch tyre

changer, state-of-the-art wheel balancer and 5000kg scissor lift. (These boys really love their toys). Otherwise, leave them to it and know that your vehicle is being looked after in the most up-to-date and professional tyre shop in town.

TyreLAND Oamaru have several giveaways on offer to celebrate the opening of their new store, just pop into the shop to get yourself in the draw. While you're there, be sure to sign up for the TyreLAND VIP programme. It's free and brings you lots of extra benefits like free puncture repairs, free wheel rotation and 30% off your next wheel alignment.
